Dear Pam,

On behalf of the children and staff of Scottish Rite Children's Hospital, I want to personally thank you again for your performance last night. You have a very soft, beautiful way with children. I don't remember them being as lively with other entertainers.

All of us here at Scottish Rite want you to know how much we appreciate your generosity, not only of your time, but your talent. It is events like you graced us with that enables the Hospital to fulfill the emotional needs of the children while they are here receiving quality medical care.

Again Pam, I want to thank you for your love and concern. We do hope you will come again.

Sincerely,

Mary J. Cobb
