Pamela Weeks
1750 Coventry Place
Decatur, GA 30030

Dear Pam:

On behalf of the staff and clients of the Walton County Mental Health Center I want to thank you once again for entertaining at our Christmas Party. Your presence added much joy and delight to this special occasion. Your presence was made even more special by the fact that you came out in such terrible weather and after a recent illness in order to bring smiles and laughter to us.

I'm sure you are aware how difficult this time of year can be for individuals such as our clients, many of whom have inadequate financial resources and few, if any supportive relatives or friends to share in the holiday season.

Pam, your love for others shone through as you lit up the lives of those present with your many great talents. Your gift to them was one that they can carry with them as a memory of a warm and wonderful experience. We at the center wish you much success with your future and career in music.

Sincerely,

Sharon Nester
Activity Therapist
